To celebrate the 5th anniversary of the SAAL FREI platform for interdisciplinary improvisational art, Instant Act Stuttgart invites you to a special edition of the SAAL FREI LABOR with an artistic focus on text and voice in resonance with dance, movement and music.

The lab features sharing work performances with performer Meltem Nil, the free ensemble Instant PIG//Stuttgart and an international guest performance with the duet Tinelli & Vilhjálmsón.

The lab includes four workshops with offers for professionals as well as for people of different age and different previous experience at the Produktionszentrum Tanz + Performance Stuttgart and the Tanz- und Theaterwerkstatt Ludwigsburg.

On 4.11.2023, the artistic management team will look back on 5 years of improvisational art along with lab participants, friends and supporters.
